

CORA Annual Technical Meeting Minutes

Sunday, November 26, 2016

9:30 am Jericho Sailing Centre,

1300 Discovery St. Vancouver

The purpose of the technical meeting is to discuss issues surrounding racing, development of the sport of outrigger, promoting and facilitating both individual and club members and to allow input from members into the operational aspect of CORA's mandate. It is not a substitution for the AGM although some line items will have overlap with AGM topics.

1. Welcome and Call to Order

Board Members in Attendance: Gralin Doubleday, Rob Varnel, Kristine Malmqvist, Marianne Pilon, Paul Pilon, Ron Chin, Lynda Roberts, Graeme Galves, Leanne Stanley

Members in attendance: John Bohaychuk (Leduc), Stu Gravel (Leduc), Caryn Kohlruss (Harrison), Gord Penn (Gibsons), Scott Borie (Harrison), Greg Kohlruss (Harrison), Jan Chavarie (Jehrico), Ross Creasey (JOCC), Doug Mancell (Lotus), Adam Balfour (FVDBC)

2. 2016 Race Review and Scheduling of 2017 Events

Issues discussed:

Crazy 8s application form incomplete – Safety needs complete information.

Early spring races are compressed, three back to back weekends in a row, same as 2016.

National Sprints/Barges Small and DragonZone OC Sprints. (April 29/30) – decided to go ahead with both races to run as regional races in service of fostering higher and easier participation in sprint events to prepare for Tahiti 2018.

CORA cup series – KPC Waterman will be CORA Cup series race as discussed last year.

Calgary will be hosting the team selection trials for IVF Sprints Tahiti in June, 2018 in September 30/October 1.

3. Leading up to the next IVF World Championships (2017 Distance)

As attached to AGM

Lynda shared that the discussion of the IVF Support priority below from the board's face to face discussion. Focussing on this will drive paddler development in Canada, especially with first long distance world championship in Tahiti 2017. Lynda, as CORA's IVF representative and a member of the IBVF board will coordinate these activities for CORA. This includes a revised coaching, selection and camp models. The intent is for the board to manage the race schedule for 2018 in support of the IVF sprints in 2018 and 2020.

4. Review of 2016 Grants and Discussions for Changes

CORA board met to discuss long term priorities in service of supporting the membership, long term strategy priorities as follows:

1. **IVF Support**
2. **Communication**
3. **Coaching**
4. Club Support
5. Race Participation
6. RME grant augmentation

Rob shared the list of funding options. Moving forward, the board will leverage these options in service of the priorities as above.

5. Review of drafting policy - 2016 trial year feedback

New policy was trialed, there was not a lot of negative feedback from small boat organizers. Essentially, different small boat classes are staggered start to reduce interhull drafting and have less participants per start. It is likely that this will become a full policy in the future.

6. Discussion of ongoing and new initiatives

a. Long term

As above, in item 4. Junior distance races participation was raised in support of encouraging more juniors to join the sport. Gord Penn suggested that some junior races could be 5km to increase participation. There is research on this that could be leveraged to inform length of races for juniors.

b. Long Distance and Sprint Rule Changes

Gralin briefed the meeting participants on this item. In the last year, sprint and long distance rules have been separated for clarity. The sprint rules have been posted, long distance rules are almost ready to be posted.

c. Boat Class Review (Spec, Bradley, Unlimited)

Related to long distance rules, needs to be updated due to new very light boat technology available. Currently there are two classes – over 400lbs and under 400lbs.

d. Age Class Terminology and Name Change

A member had requested that the age categories conform to IVF terminology. From an **age category** perspective, this only impacts CORA's current Kupuna class of 65+ where IVF is 70+ if the age ranges are amended to match IVF, age category **name changes** would impact all age categories masters and older. The board will discuss further, and engage impacted members if appropriate.

7. Quick preview of the 2017 budget, review of 2016 budget. CORA board will be examining budget for 2017 and beyond and create a spending plan which will be informed by the priorities as in item 4. Grant changes will be discussed in detail to the board in December and January for 2017 during budget finalization. RME grant application requires rewording to clarify club contribution. Grant budgeting needs to consider the eligible clubs cycle.

To be discussed at the AGM in detail, reviewed briefly. As attached to the AGM minutes.

8. Discussions, Issues or Concerns Initiated by the Members

- a. **Via email from Erik Ages from FGPC** – shorter courses to increase novice participation – schedule to avoid ferry conflicts. Some FGPC program paddlers want to participate in other related activities – fitness and training talks for example, encourage clubs to invite other clubs to such events.
- b. **Ross Creasey** – Recognition opportunities for Hugh Town and Peter Forand (for more details see attached). Ross volunteered to chair a committee to get this started, . Proposals:
- i. Consider recognizing people who supported the sport to get it where it is in Canada now – Hugh Town Builder award.
 - ii. Peter Forand masters memorial award – a Masters 60 plus participation racing trophy (male or female) in collaboration with PNWORCA.

Recognition options were discussed – trophies, post on CORA's website, plaques.

Meeting adjourned at **12:15pm**.
