Rules

1. To qualify for your respective divisional awards, crews must participate in a **minimum of 3 of the 5 events to qualify.** Participation at the Canadian National Champs is required, and can count as one of the three races.
2. Only CORA clubs and crews from those clubs are eligible for the Cup system.
3. A crew's TOP THREE results will be used to calculate the final point totals.
4. All club crew results will be tallied to count towards the final Club point totals (not just the top three results per crew, and not just the top three crews).

5. Crew rosters may change but the crew MUST use the same crew name, same age division AND same canoe class for each race of its races to ensure proper points accumulation.
6. All crew members must be Annual CORA members.
7. The age division that the crew REGISTERS IN (the registered division must be the same for each race) will be used to calculate the points, even if age divisions are combined for the purposes of prizing at a particular race.
8. If it comes to the attention of the Race Director or CORA that any of the above rules have been broken, then club rosters will be checked against the CORA Registration Database and potential disqualification from the CORA Cup series may occur.

Notice to Race Directors

1. Race Directors must submit Race Results to CORA in .XLS (or other format as may be requested) for points tabulation. Please ensure that in your race results, you include the age category that a crew REGISTERED in (not as may be combined with other divisions for prizing).
2. Please ensure that all crews understand that their team names, division and age category MUST be EXACTLY the same for all CORA Cup races if they wish to collect points toward a specific CORA Cup Series Crew title.
3. Please send all race results to information@canadianoutrigger.com
